Farewell Social Given in Honor of Mr. Shearer

Young People's Society of United
Church Gathered at the Home
of Mr. and Mrs. J. Mackie

The home of Mr. and Mrs. J. Mackie was on Friday, the scene of a farewell social, given by the Young People's Society of the United Church in honor of their leader, Mr. J. R. Shearer, who recently moved to Farnell Valley.

Games and music made a very enjoyable evening pass all too quickly. Miss Isabelle Mackie, President of the Society, while making a presentation to Mr. Shearer, referred to the inspiration he had always been in the work of the young people and the sacrifice he had always willingly made in their interest. Mr. Shearer's move has left a gap in the ranks of the Young People's Society which will be exceedingly hard to fill.

Among those present were Mr. and Mrs. Shearer and family, Mr. and Mrs. Mackie, Miss Isabelle Mackie, Miss Kathie McLeod, Miss Mary Mitchell, Miss Vivian McKinley, Miss Verne Ingberman, Miss Isabelle MacLeod, Miss Leone Spender, Miss Carol Chrestensen, Miss Elma Connell, Miss Nervin McKeague, Miss Isobel MacLeod, Miss Jean MacLeod, Howard Tharle, Eric Bird, Bill McCann, Harry McCullough.

School Fair Executive

President—D. Richards.
Vice-President—A. H. Tharle
Secy-Treas.—E. G. Bird.

Finance—Mrs. F. A. Hall
Mrs. E. Lewington; E. G. Bird
Harp.

Arrangement—All teachers of competing school districts

Sports—H. McCullough, R. Beacons, E. G. Bird.

Prize List—Mrs. R. McBride,
Mr. J. Williams, Mr. R. Mc
Bride.

Programme—Mrs. M. Ward
Mrs. E. Lewington, Mrs. H. Ellis
Mrs. R. Hales.

Livestock—V. E. Vancil,
J. Williams, R. S. Shatto, D. Richards.

Grain and Vegetables—A. H. Thorle, E. Harp.

Concert and Musicals

Mr. Geo. Bowers will demonstrate with his pupils the new method of teaching music, in the Arrowwood Consolidated School on Monday night at 8 p.m., Sept. 21st.

It is to be hoped a good attendance will be present. Everyone is cordially invited to attend.

Mr. Bowers anticipates commencing another class of beginners at once.

Obituary

DIED—Mrs. Agnes Service, Mother of Mr. W. Service, of Arrowwood passed away in the General Hospital, Calgary September 15. The funeral takes place in Gleichen, Sept. 17 and is conducted by Rev. Dickson of Calgary.

Johnnie Lloyd Laid to Rest

The funeral of Johnnie, oldest son of Mr. and Mrs. Theo Lloyd of Arrowwood, was held in the Anglican Church, Gleichen, on Tuesday, Sept. 15th. An impressive service appropriate to the occasion was conducted by the Rev. J. R. Davies. The Church was taxed to capacity to accommodate the friends of the grief stricken family.

Johnnie was born in the town of Gleichen in January 1918. He was a bright and promising pupil at the Arrowwood Consolidated School.

The Editor and people of Arrowwood district take this opportunity to extend their deepest sympathy to Mr. and Mrs. Lloyd in their sad and sudden bereavement.

School Notes

Last Friday the High School held its first Literary meeting. An election of officers took place and the following now hold office:

President—Ruby Ward.

Vice-president—Grace Irwin,
Secy-Treas.—Jeanne MacLeod.
An executive was elected, consisting of: Beth Ellis, Irma Armer, Mildred Kaufman, Evelyn Burris and Clarence Norton.

This year, the High School proves to be a record class. There are already 35 here and there are more coming.

Jack Clark of Didsbury arrived in Arrowwood Tuesday to take Grade Eleven in this High School. He is staying at the home of Mr. and Mrs. J. Mackie.

BANG!—the students locked up the chemistry class room back from the lab table—Jean MacLeod fainted—Nothing much had caused it—just an overdose of sodium in a tightly corked test-tube of pure oxygen.

The Grade 7 and 8 room organized their Literary Society Friday last.

The officers were: President—Arthur Saunders,
Vice Pres.—Margaret Richards,
Secretary—Irene Kelly.

Four basket-ball teams were organized in Mr. McCullough's room with Irene Kelly, Mildred Irwin, Arthur Saunders, and Hurly Williams as captains. Some good basketball players are being developed and at present Irene Kelly's team are starting with a perfect record, winning all games. Mildred's team is running a close second.

Miss Victoria Barron of Langdon arrived in Arrowwood Sunday, to take Grade eleven. She is staying at the home of Mr. and Mrs. C. E. Johnston.

Prize Albert, Sept. 12th. Falling in line with other judges and magistrates in giving a generous use of the lash to stamp out badity, Judge A. E. Dorn of the district court Thursday sentenced Peter Polak, 20, of this district, to six months in penitentiary with five lashes on his guilty pile of stealing a purse containing 12.50 in an armed hold-up.

Final Meeting of the School Fair Association

Despite inclement weather conditions and bad roads, the School Fair Association held the best attended meeting for some time on Wednesday, September 9th, at the Arrowwood School. Final details in connection with the School Fair to be held on Friday and Saturday, September 25th and 26th were discussed, and everything is now ready for the big event.

A few changes in the prize list were announced. Details are as follows: For classes 73 and 77, a doll will be awarded as a special prize in place of \$1.00 cash. The Yellow Flour Mill has very kindly donated a 98 lb. sack of white flour to be given for the best white bread baked with Yeast flour. They also donated a 24 lb. sack of cereal which is to be awarded as a special prize in class #3 in place of the 50c cash prize.

A spelling contest has also been arranged with one entry allowed from each grade, from each unit, Grades 3 to 8 inclusive. This will probably take place on Friday and Saturday afternoon, during the school hours.

Mrs. Hall was very kindly loaned half-dozen eggs for each grade for this contest. And to you who remember the old-time spelling matches at school will find it exceeding interesting to listen to the youngsters endeavoring to spell one another down.

The Parent-Teachers' Association has generously taken upon itself the responsibility of supplying all the school children at lunch time with hot coco on both days of the Fair. All the children therefore—particularly those from the country—should bring something to eat and a mug for their coco. The U.P.W.A. are also planning to serve a "jiffy" lunch at very reasonable prices on both days of the Fair.

A feature of the School Fair has always been the Parade, and this year will see no exception to the rule, weather permitting. All the units are taking part and while many of the preparations are at present shrouded in mystery, hints dropped by some of the more talkative ones seem to indicate some very effective displays. The Parade this year, starts from the school at 1:30 p.m. on Friday, marches west to the curling rink, and proceeds down Main Street to the C. P. R. yard where the judging will take place. From there the Parade marches to the Church of the Brethren via Railway Avenue where the first half of the musical contest etc. will be held.

Another feature tried for the first time this year, will be the auctioning of the vegetable exhibits at 4:00 p.m. on Saturday. Our genial friend, Mr. A. H. Tharle, has consented to act as auctioneer, and you are all invited to do your Saturday shopping of vegetables at the Fair. There will be many fine examples of home-grown, prize winning, exhibits for sale, and

Arrowwood Sunday dinner tables should be well supplied with excellent vegetables.

In connection with this auction may we correct an erroneous impression which has crept into some people's minds owing to an unfortunate mistake in the special price list. It is ONLY the vegetable section, classes 110, 111 and 112, which become the property of the Association and are to be offered for sale by auction at the close of the Fair. ALL other classes remain the property of the exhibitor.

Local and Personal

L. F. Chrestensen and family motored to Hussar Sunday for a visit with friends.

Several duck hunters from Arrowwood had a very successful afternoon shoot northeast of Bassano on Tuesday. Some of them returning with the bag limit.

Bert Cory, of Calgary, was the guest of Mr. and Mrs. E. B. Doten this week. Mr. Cory enjoyed the hospitality of the Dotens at their ranch Northeast of Bassano and as a result returned home with a nice bag of ducks.

As usual, E. B. Doten had to stop shooting before sunset, owing to his having shot his limit of ducks. Wednesday morning found him in Arrowwood handing out Mallards to his friends that were unable to get out on Tuesday.

We have heard several very favorable comments on the attractive values to be found at Chrestensen's Harvest Sale.

We are pleased to report that Mrs. Nissen, who was taken to the Calgary General Hospital for medical treatment, is very much improved. She was given a blood infusion last Friday, and almost immediately she showed signs of improvement, but it will be some time before she will be able to return to Arrowwood.

The leaving of Rev. Ralph G. Ricard, for his home in North Manchester, Indiana, was deeply felt by the Church and the community at large. It is hoped that Neway School and Church services will be well attended and thus encourage the home ministers and keep up the attendance record established during the summer. All are looking forward to Mr. Ricard's return in the near future.

BORING WAS RIGHT

Wife—How was your visit to the dentist?—Husband—It was thoroughly boring, my dear.

Ladies' Guild to Hold Annual Bazaar September 21st

Mrs. J. Mackie, assisted by Mrs. Bob Moir and Mrs. Bob Bell, entertained the Ladies' Guild on Thursday, Sept. 10th, at the home Mrs. Mackie. Devotionals were led by Mrs. V. M. Gilbert. The Guild voted to have the Secretary write letters of appreciation to two members who have recently moved away—Mr. J. Shearer and Mrs. Bob Anderson. Mrs. V. M. Gilbert was appointed convenor of the Missionary Committee. Plans were effected for the Annual Bazaar, and supper which will be held on November 21st this year. The Bazaar will consist of a 49 and 99 cent booth under the chairmanship of Mrs. C. T. Taylor, a miscellaneous booth with Mrs. Russell Fonger as convenor and Mrs. S. B. Reid will convene the candy booth. A "Made in Canada Sale" will be held in connection with the Bazaar and will be in charge of Mrs. M. H. Ward. The hostesses served a delicious lunch to twenty members and two guests.

School Fair Programme

Friday, Sept. 25th

10 a.m. to 12 noon—Sports.
1:30 p.m.—Parade.
2:30 p.m.—Assembly at the Church of the Brethren for musical, oratorical and spelling contests, Grades 1 to 5 inclusive.

Saturday, Sept. 26th

9:00 a.m.—Exhibit open to general public.
9 a.m. to 12 noon—Judging of livestock.
12 noon to 2:30 p.m.—Basketball or Baseball.
2:30 p.m.—Assembly at Church of the Brethren for musical, oratorical and spelling contests, Grades 6 and higher.
4:00 p.m.—Auction Sale of vegetable exhibits. Auctioneer Mr. A. H. Tharle.

The Arrowwood marmots who enjoyed the opening of the hunting season and spent the afternoon as guests of that prince of sports, E. B. Doten, this year Northeast of Bassano were Cecil and Russell Culp, Frank and Joe Burger, Melvin Bowman, Lawrence and Omar Larmer, M. H. Ward and R. R. McBride, in addition to a number from Bassano and other points, most of whom had no trouble in bagging their limit. At 4 p.m. hot coffee and doughnuts were served at the ranch by that charming hostess, Mrs. Doten, and all present expressed their appreciation of her art in brewing the Java and browning the doughnuts, which were done to a turn. After doing justice to the coffee and doughnuts, the party departed for the shooting fields nearby for the evening shoot.

The Doten ranch is well equipped and admirably situated and to have enjoyed the hospitality of this estimable couple is an occasion long to be remembered—thanks to Mr. and Mrs. E. B. Doten.

The Beloved Physician

Some time ago we were in a physician's office and our attention was drawn to an article in an advertisement. It reminded one of Kipling's "If." In vivid language it described the common experiences of the country doctor, attending maternity cases in homes and with untrained help, performing emergency operations upon improvised operating tables, having only a limited supply of the more common drugs and the most meagre surgical appliances. When one stops to compare his position with the city practitioner with fully equipped and efficiently manned hospitals where everything the human ingenuity can discover to prevent infection is immediately at hand, even a layman must feel the terrible handicap under which he works. Then add to this long-midnight drives into the country and poor collections for which the patient is not solely to blame since incomes from the farms are irregular and spasmodic. If the country doctor can face these conditions and smile he is surely a man. Art may well pay him that splendid tribute, a painting found in many of our homes, The Doctor.

UNUS SOLUS.

Storing Roots

(Experimental Farms Note)

In a climate where sub-zero temperature clamp down as suddenly as they often do in the Canadian West, the storage roots is quite a problem. If potted too snugly before the weather turns cold, they are liable to heat and sprout. If not promptly cared for, when the weather turns they are likely to be nipped. Time and again, the Superintendent of the Beaverlodge Substation has stored some temporarily for autumn use with a covering of straw or straw plus a little earth. Almost invariably the last and sometime the most of these roots are caught by an unexpected onset of rough weather, frost penetrating the pile, especially where exposed by daily removal.

The ideal root storage for Prairie Canada is a dug-out cell opening into a stable so that it may be safely entered in any weather. The cellar may be well-banked with earth and should have one or more ventilating shafts. In extreme weather of mid-winter, the ventilation shaft may be stuffed with sacking or chaff or straw or shavings. At other times they may be more lightly stopped, being opened entirely by day in mild weather. A thermometer near the floor will assist in regulating the ventilation safely.

GRANT FLEMING, M.D. ... ASSOCIATE SECRETARY

TUBERCULOSIS IN CHILDREN

Children have tuberculosis just as adults do. They are not born with the disease; they contract it after they are born. Providing proper care is taken children do not contract tuberculosis. The disease still occurs because, either through ignorance or carelessness, the necessary care is not taken.

There is no mystery surrounding the manner in which children get tuberculosis. The disease is caused by a germ, the tubercle bacillus. This germ can neither fly nor crawl. There is only one way in which it can travel and reach the child, and that is by being carried along in the sputum from someone who has tuberculosis.

The person who has active tuberculosis, whether or not he knows he has the disease, has the germ of the disease in his sputum. When he coughs or sneezes he spreads the germs. The saliva he leaves on eating or drinking utensils contain germs his kisses also help to spread the disease.

Children cannot protect themselves, they are dependent upon adults for protection, consequently adults should take more precautions to safeguard the children. Careless coughing and spitting must stop. If it is necessary to cough, then the nose and mouth should be covered with a handkerchief. If expectoration is necessary, the material expectorated should be properly collected and destroyed by fire. Common eating and drinking should not be tolerated and a child should never be kissed on the mouth.

To save children, we must become destroyer of germs and we must refuse to do anything which allows these enemies to pass from one person to another. Tuberculosis can not occur if the germs of the disease are not spread, and the germs will not be spread if we act in such a way that the secretions from our noses and mouths are not spread from us to others.

When tuberculosis occurs among young children, it means that someone with whom they have been in close contact has the disease. The older person may not know it because tuberculosis is, in many cases, a long chronic disease, and the person

may be just feels poorly and does not suspect that he has a serious disease, one which is serious to himself and to others.

Children who have been exposed to tuberculosis, through living in the home with an adult who has the disease should be given special care. Such children should of course be examined from time to time to keep a check on their condition.

Tuberculosis is one disease which is greatly influenced if not entirely controlled by the general health of the individual. The child who receives proper food, sufficient, fresh air and sunshine is not likely to develop the disease. On the other hand, the disease is very apt to progress in the undernourished tired child who is in that condition because of the lack of proper food, rest, fresh air and sunshine.

WORKS BOTH WAYS

My assistant is a man off such ingenuity," observed the editor of *Der Habsfeind*.

"Is he so?" asked the editor of *Der Buchblatter*.

"Ach, yes. When a woman writes in to him asking, vat it iss to take der onions from der breath off, he puts it in dere paper dot she shall eat limber kase yet. Undt ven a women writes in to him vy it iss to keep der limber kase from der breath on he puts in der paper dot she shall onions eat.—Nicht Wahr.

Sunday, Sept. 20th

11 a.m.—Sunday School.

11:45 a.m.—Worship.

Rev. W. C. Lyle will preach

The public are cordially invited to attend these services. In the Church School there are classes for all ages. We are trying to build up a helpful worship and would like to have you join us.

Sunday at the Church
of the Brethren

10:30 to 11:30 a.m.—Sunday School, followed by sermon.

Subject: "Ye are the Light of the World."

8 to 8:30 p.m.—Song service followed by sermon, True Religion a Manifestation.

Everybody Welcome.

J. S. Culp, Speaker.

Alberta Pool Elevators

Under Public License

Alberta Pool Elevators are now operating under public license.

This permits the Pool Elevators to buy or handle any grain. Pool Elevators facilities are not restricted to the handling of Pool members' grain only.

The reputation for fairness gained by Pool Elevators should be an inducement for all grain growers to patronize these elevators.

Any person delivering grain to Pool Elevators may sell his grain in any way he selects and at any time desired.

DON'T USE BIG WORDS

In promulgating your esoteric cogitations or articulating your superficial sententious and amicable philosophical or psychological observations, beware of platitudinous ponderosity. Let your conversational communications possess a clarified conciseness, a compact

comprehensibleness, coalescent consistency, and a concatenated cogency. Eschew all conglomerations of flatulent garrulity, jejune babblement and asinine affectations. Let your extemperaneous descantings and unpremeditated expatiations have intelligibility and voracious vivacity without rhodomante or phrasical bombast.

Mossleigh News

Miss Ethel Segal spent Monday and Tuesday in Calgary.

Mr. Nyall Tweedle spent Tuesday in Calgary on business.

Mr. Troy will soon be moving his family into their new home.

Owing to the rain fall again last night the farmers are unable to thresh.

Mrs. O'Leary and son are doing fine and are expected home Thursday.

Miss Sis Barry and her brother Mikie spent the week-end visiting their parents in Blackie.

Mr. and Mrs. George Garnet were visitors in town on Sunday evening.

Mr. and Mrs. Ball of Saskatchewan spent their holidays at the home of Mr. and Mrs. Roy Carson.

For your winter coal supply see Carl Stafford at the Revelstoke Sawmill Co., and take advantage of the special price.

Mr. Bougie of Edmonton, a former resident in the Mossleigh district, is renewing acquaintances and looking after business interests here.

IF WE KNEW

If I knew you as you know me; If both of us could clearly see, And with an inner sight divine The meaning of your heart and mine.

I'm sure that we would differ less.

And clasp our hands in friendliness;

Our thoughts would pleasantly agree.

If I knew you and you knew me.

If I knew you and you knew me,

As each one knows his own self, we

Could look each other in the face

And see therin a truer grace. Life has so many hidden woes, So many thorns for every rose; The "Why" of things our heart would see,

If I knew you and you knew me.

—Crusader

"What do women talk about when they are together?" "Just what men talk about."

"Aren't they terrible?"

Now, what would be worse than a man without a country?" said the lecturer.

"A country without a man, said an attractive young maid-on.

U.G.G. Declare Five Per Cent Dividend

Mr. R. S. Law, President of the United Grain Growers Limited, announced at the conclusion of a meeting of the Board of Directors of United Grain Growers Limited, that a Dividend of five percent had been declared on the Capital Stock of the Company for the financial year July 31st, 1930. Cheques have been mailed to the 30,000 shareholders of the Company.

The accounts for the past year are still in the hands of the Auditors, and are not yet ready for publication, but it is intimated that the balance sheet will show a strong liquid position and that the earnings for the year, after Bond Interest and depreciation, were sufficient to justify the payment of a dividend.

While a reduction in grain handling during the current crop year is considered inevitable on account of the small crop produced in Western Canada, United Grain Growers elevators are fairly well located with respect to those districts in Western Canada which have from fair to good crops this year, and there are comparatively few elevators of the Company in those districts which have experienced complete crop failure.

It was also stated that a release of farmers from contracts to market grain through other channels is resulting this year in an increased percentage of deliveries to United Grain Growers Elevators at a large number of points.

United Grain Grower now have 466 country elevators in Manitoba, Saskatchewan and Alberta, a terminal elevator at Port Arthur with a capacity of 5,000,000 bushels, and a terminal elevator at Vancouver, with a capacity of 1,600,000 bushels. One of the most important developments of the past fiscal year was the re-entry of the Company into the business of exporting grain which had been temporarily discontinued.

SIDERODROMOPHILIE

Although the victims do not know it by that name and would be terrified if they did, it is true, nevertheless, that an epidemic of siderodromophilie has broken out simultaneously in all parts of Canada. But it is not so bad as it sounds. Siderodromophilie is a newly coined French word which means an excessive love of railroad riding. The Canadian National Railway report

that in spite of slack times and

GETTING MEN'S WAGES

Wife—Girls are getting men's wages everywhere now.

Hubby—Yes; they only have to take positions as wives for that.

motor cars, there is a serious outbreak of siderodromophilie in Canada, although they say that "excessive" is perhaps putting it too strongly. The depression has much to do with Canadians retraining from European trips and staying at home to see their country. The result is travel to the Pacific Coast and the seaboard in the Maritimes and visitors to Jasper, Algonquin and other national parks and such summer resorts as Minaki.

"Automotrice" is another railway word the French coin lately. An automotrice which sounds like a lady automobile is one of the motor cars which run on rails.

Chrestenson's Harvest Cash Sale Extended to Sept. 30

Fire

On the early morning of July 5th last our citizens were aroused by the howling of the fire siren. A hurried rush for the chemical engine and a sad discovery that they were not ready for action was found. Since then nothing has been done in the way of organizing fire protection. Let us have our Honorable Mayor call a meeting and get organized. What do you say? We say say go!

For that feed crop you expect to harvest, it will be rather expensive if you bind it. Get a flax attachment for your binder and leave the grain in loose, even bunches. The price of such an attachment is very nominal compared to twine and then you will have it for future use.

Now something to cut up this grass feed for you stock to make it go farther and give more results where they are wanted. We have it in the Lots Mixed Feed Grinder, which will cut roughage, grind grain, grind and evenly mix both together and blow the finished product into the bin, you desire with only one operation.

An inquiry will bring you more information, or a demonstration if you desire. There is no better recommendation of a machine than a satisfied user. Messrs. E. B. Dotin and Paul Lehman are boosters for the Letz.

The gentleman had sent for a plumber to fix an upstairs tap, and as his wife started down stairs they met the plumber coming up.

The gentleman said: "Before I go down stairs I would like to acquaint you with the trouble."

The plumber politely removed his hat and moustache:

"Pleased to meet you Madam."
